**Soluções para  
a Indústria  
de Embalagem**

## iwis solutions for the packaging industry

The packaging industry is one of the most innovative in the world. Practically all manufactured products require appropriate packaging of some kind. iwis chains ensure the **reliability, long service life and highest achievable precision** of packaging machines.

### iwis industry solutions

[iwis.de/Industries](http://iwis.de/Industries)

## Precise and reliable

Packaging machines – one of the most important sections of the mechanical engineering industry – impose heavy demands on chains and drive systems, which often have to endure very high cycle times and running speeds. In addition, **steady parallel running** and exact **positioning are expected**. Thanks to the wide range of different materials and lubricants used, iwis precision chains are able to offer outstanding **service life, highest possible length accuracy** and **pair tolerances**.

**iwis antriebssysteme: technology leader – and your partner for every packaging solution!**

## Highlights

- Reliability and extremely long service life
- Highest possible length accuracy and pair tolerances
- Optimum selection of materials and lubricants
- Maintenance-free MEGAlife chains – for applications where relubrication is impossible or undesirable
- Local customer care by iwis staff

iwis antriebssysteme regards itself as a **development partner** and technology leader who can help you to meet the challenges facing you. State-of-the-art **simulation and configuration tools developed in-house** help our design engineers to decide on the right products at an early stage.
